Positionnement concurrence

Positionnement par rapport au marché

The company positions itself in the mid-sized recreational boats market, offering vessels with an excellent value for money that combine modern design, comfort, marine performance, and affordable pricing.

It targets customers seeking an affordable alternative to the larger players in the industry, without compromising on quality or the boating experience.

Concurrence

The mid-sized recreational boats market is highly competitive, with several well-established and globally recognized players. This fast-growing market is expected to reach \$60.9 billion by 2033.

This company stands out with a more accessible positioning, offering prices generally lower than those of the industry leaders, while delivering a product that remains competitive in terms of design and performance.

Points forts

- Strong market reputation.
- Approximately 70 boats built per year.
- Solid financial health.
- Sustained growth.
- Structured and high-performing team.
- Efficient and scalable production facility.
- Differentiated market positioning.

Points faibles

Production capacity, family ownership, digitalization still limited.
